LETTER OF COMPLIANCE

September 12, 2002

William A. Conaton
161 Dockham Shore Rd
Gilford, NH 03249

RE: File #2002-00385, 161 Dockham Shore Rd., Gilford, NH

Dear Mr. Conaton:

On August 22, 2002 the Department of Environmental Services ("DES") received notification of completion of the May 7, 2002 Approved Restoration Plan, with photographs, of the above referenced property, more specifically referenced on the Town of Gilford Tax Map 222 as Lot 16 (the "Property"). This required notification of completion is to determine compliance with RSA 482-A and applicable rules adopted under that statute, and specifically whether the deficiencies noted in the Letter of Deficiency issued to you on April 16, 2002, have been addressed.

It has been determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,
